THE MED SPA CONTENT STRATEGY SYSTEM

For established spas who post inconsistently and want it decided for them

Stop Guessing What to Post.

THE COMPLETE STRATEGY SYSTEM FOR ESTABLISHED MED SPAS · EVERY DECISION ALREADY MADE

1

The Real Problem — It's Not Content. It's Strategy.

Why established spas go silent — and what actually fixes it

THIS IS NOT A BEGINNER PROBLEM

You know what Botox is. You know what a Reel is. You've posted before — and when you do, your content is good. The problem is not ability. The problem is decision fatigue. Every time you open Instagram to post, you face the same 5 questions simultaneously: What do I post? Which service? What caption? What graphic? Is today even a good day to post? Those five questions in 30 seconds is why you close the app and walk away. This system eliminates every one of those decisions in advance.

What inconsistency actually costs you

3x

More profile visits from accounts that post 4x/week vs 1x/week

21 days

How long a new follower watches before they book — if you keep showing up

\$0

Cost of organic Instagram traffic to your booking page

The before and after — what changes with this system

WITHOUT THE SYSTEM

- ✗ Open Instagram, stare at the blank caption box
- ✗ Spend 20 minutes deciding what service to talk about
- ✗ Write something generic, feel unsure, post or don't post
- ✗ Go silent for 10 days because you got busy
- ✗ Post 3 times in one day to "make up for it"
- ✗ Watch your engagement tank because the algorithm doesn't reward bursts

WITH THE SYSTEM

- ✓ Open your content calendar — today says "Educational, Botox, myth bust"
- ✓ Open the caption bank — pick the myth bust template for Botox
- ✓ Customize 3 words: your city, your name, your CTA
- ✓ Open Canva — drop your photo into the week 2 template
- ✓ Post. Done in 8 minutes.
- ✓ Repeat 3x per week. Every week. Forever.

The one mindset shift that makes everything else work

DANIELLE'S FRAMING — USE THIS IN YOUR OWN WORDS WHEN SELLING THIS SYSTEM

You don't need more content ideas. You need fewer decisions.

The most consistent creators aren't more creative than you. They're more systematic. They decided what they post before the day arrives — so when the day comes, there's nothing to decide. Just execute.

That's the entire system. Decide everything in advance. Execute daily in under 10 minutes. Show up every week whether you feel inspired or not.

Instagram rewards consistency over perfection. A B+ post that goes out every Tuesday beats an A+ post that goes out whenever you feel like it — every single time.

2

The Weekly Posting System — Locked In Forever

The same structure every week. Topics rotate. Format never changes. Decision gone.

WHY THE SAME STRUCTURE EVERY WEEK WORKS

Your audience learns when to expect you. The algorithm learns your patterns. You never have to decide the format — only the topic. This is how every major creator operates. The structure is fixed. The content rotates. The consistency is automatic.

Your permanent weekly posting schedule

WEEK STRUCTURE	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
WHAT YOU POST	FEED POST Educational Teach something. Answer a question. Build trust.	STORY ONLY Engagement Poll, quiz, question box — 30 seconds of work	REEL Social Proof Before/after, result, patient reaction	OFF Engage only Reply to comments and DMs — no posting	FEED POST Promotional or BTS Open slots, special, or real moment from the week

The topic rotation — 4 weeks, never repeat

TOPIC BANK	WEEK 1	WEEK 2	WEEK 3	WEEK 4	REPEAT
	Botox	Filler	Skincare	Your Service	Back to Botox — deeper topic

MONDAY EDU	What it does, how it works, timeline	Myth bust, natural results, reversal	Retinoids, SPF, peels — educate	GLP-1, IV, PMU — rotate services	
WEDNESDAY REEL	Botox B/A Forehead or glabella	Filler B/A Lips or cheeks	Skin result Microneedling, peel, facial	Patient story Transformation + reaction	Rotate through your services
FRIDAY POST	Open spots This week's availability	BTS moment Real day, real team, real you	Promotion Seasonal offer or new service	Review highlight Screenshot or graphic of real review	Repeat the rotation

WHAT THIS MEANS IN PRACTICE

Every Monday for the rest of the year is Educational. You never decide that again. The only decision on Monday is which service. And the rotation above decides that too. You now have zero decisions to make on posting days — only execution. That's the system.

3

The Annual Content Strategy — Your Full Year Mapped

Every month has a theme. Every theme drives bookings for that season.

WHY MONTHLY THEMES CHANGE EVERYTHING

Without a theme, every post is disconnected. With a theme, every post builds on the last. Your audience sees a cohesive message all month. The algorithm sees sustained engagement on related content. And you never wonder "what do I focus on this month?" — it's already decided.

The 12-month theme calendar — with the strategy behind each month

MONTH	THEME	PRIMARY SERVICE PUSH	WHY THIS MONTH
January	New Year, New You — Reset	Botox + Skincare consultation	New year energy drives decision-making. First-timers at their highest intent of the year.
February	Glow for Valentine's — Lips & Love	Lip filler + Botox	Gift-giving + self-care spike. Lip filler searches peak. Book early or lose the slot.
March	Spring Refresh — Skin Season Starts	Chemical peels + Microneedling	Patients shedding winter and prepping for more skin exposure. Treatment season begins.
April	Before the Sun — Preventative Care	SPF education + Skincare retail + Filler	Last chance for aggressive treatments before summer sun makes some inadvisable.

MONTH	THEME	PRIMARY SERVICE PUSH	WHY THIS MONTH
May	Wedding & Event Season — Event-Ready	Botox + Lip filler + Brows	Wedding season starts. Bridesmaids, mothers of bride, brides — huge booking spike.
June	Summer Body — Confidence Season	Body contouring + GLP-1 + IV therapy	Body-conscious month. Non-surgical contouring and weight loss programs peak interest.
July	Maintenance Month — Keep It Fresh	Botox touch-ups + IV hydration	Summer slowdown — focus on rebook from spring patients. Hydration content resonates.
August	Back to You — Post-Summer Reset	Skincare repair + Microneedling	Sun damage visible. Patients ready to repair. Highest demand for skin treatments.
September	Fall Glow — Golden Season	Filler + Botox refresh + Peels	Post-summer, pre-holiday. Perfect conditions for all treatments. Second biggest booking month.
October	Holiday Prep Starts Now — Look Ahead	Botox (must book early for results by December)	Urgency month. Botox takes 14 days — if they want results for December, they book now.
November	Gift the Glow — Gift Card Season	Gift cards + All services + Membership	Gift-giving mindset. Gift cards are pure margin. Membership gifts. Black Friday offer.
December	Year-End Glow — Celebrate Yourself	Holiday events + Quick treatments + New Year preview	Party season. Quick wins: Botox, lip flip, IV glow drip. Tease January offers.

HOW TO USE THE ANNUAL CALENDAR

At the start of each month, open this calendar. Your theme is decided. Your primary service is decided. All you do is write that month's Monday educational posts about that service, make that month's Wednesday Reels about those results, and make Friday posts about those appointments. The annual calendar feeds directly into the weekly system. You're never starting from zero.

4

Your Content Audit — Fix What's Already Broken

For established spas: before you post one more thing, run this audit on what you've already built

WHY THIS MODULE EXISTS — AND WHY IT MATTERS FOR YOU SPECIFICALLY

Established spas have history. That history has patterns — gaps, imbalances, missed opportunities. Before you add more content, you need to understand what your current content is and isn't doing. This audit takes 30 minutes and tells you exactly what to fix first so that every new post you create lands better than everything that came before it.

Run this audit on your last 30 posts

- What % are educational vs. promotional? If promotional is over 30% — you're selling too hard and your audience is tuning out. **Count and calculate**
- Are you showing your face? Scroll your last 30 posts. If your face appears fewer than 6 times — your audience doesn't know who you are yet. That's a booking problem. **Count face posts**
- Do all your posts have a CTA? "Link in bio," "DM me," "Book now" — if over half your posts have no CTA, you're generating awareness with no conversion path. **Check every caption**
- What's your average days between posts? More than 7 days = inconsistent in the algorithm's eyes. More than 14 days = essentially invisible. **Calculate the average**
- Which service gets the most posts? If one service dominates your feed, potential patients for your other services don't know you offer them. **Count by service**
- Do you have any before/after content? Before/after are the #1 conversion driver for aesthetic accounts. Zero before/after = zero social proof in the most powerful format. **Count B/A posts**
- Is your bio link a booking link? If your bio links to your homepage instead of a direct booking page — you're adding one step that costs you bookings every single day. **Check right now**
- What's your most saved post? Saves signal high-value content. Your most saved post tells you exactly what your audience finds most useful — and you should make 5 more like it. **Check analytics**

What to do with your audit results

THE THREE FIXES THAT MOVE THE NEEDLE FASTEST

- **Change your bio link to a direct booking link today** — this is a 30-second fix that immediately improves conversion from every future post
- **Post your face three times in the next two weeks** — a Reel where you talk to camera, a photo of you in the room, a BTS moment. Nothing builds trust faster.
- **Add a CTA to every caption going forward** — "Book via link in bio" or "DM me [service] to get started" — one line, at the bottom, every single time

5

Captions by Situation — For Every Real Moment

Not generic templates. Real captions for the specific situations established spas face every week.

When you have a cancellation and need to fill it fast

LAST-MINUTE OPENING — FILL IT TODAY

Post this the same morning as the cancellation. Works every time.

A spot just opened up today at [Time] — first to DM "YES" gets it 📌 [Service] · [Location] · [Price if applicable] If you've been meaning to book — this is the sign. Link in bio or DM me directly and I'll hold it for you. #medspa #[yourcity] #botox #lastminute #openappointment

When you haven't posted in 2+ weeks and don't know how to come back

THE COMEBACK POST — NO APOLOGY NEEDED

Never apologize for being absent. Just show up and give value. This works.

Let me ask you something 📌 If you've been curious about [service] but something's been stopping you — what is it? Cost? Fear of looking unnatural? Not knowing what to expect? Worried it'll hurt? Drop it in the comments. I read every single one and I'll answer yours personally. #medspa #botoxquestions #aesthetics #[yourcity] #injector

When a patient gets an amazing result and you want to share it

THE RESULT POST — WITH COMPLIANCE BUILT IN

Always get written photo consent first. This caption handles the compliance automatically.

Same patient. Same lighting. [X] weeks apart. 💕 She came in wanting [specific goal]. This is what [specific treatment] did for her. Results like this don't happen by accident — they come from a thorough consultation, conservative technique, and a 2-week follow-up to fine-tune. Individual results vary. Complimentary consultations available — link in bio. #[treatment] #medspa #beforeandafter #naturalresults #[yourcity]

When you want to address the "ChatGPT can do this for free" objection

THE VALUE-OF-EXPERTISE POST — SUBTLE AND POWERFUL

Use this when you want to differentiate your expertise without being defensive

A patient asked me last week if she should just look up her treatment plan on Google. I told her: absolutely. Look it up. Research it. Read everything you can find. And then come to a provider who has done this [X] times, knows what it looks like when it goes wrong, and has the training to handle it when it does. Information is everywhere. Clinical judgment is not. Complimentary consultations: link in bio 💕 #medspa #aesthetics #injector #[yourcity] #chooseyourprovider

When you launch a new service

NEW SERVICE ANNOUNCEMENT — BUILDS ANTICIPATION

Something new is coming to [Practice Name] and I've been waiting to share it 📌 [Service name] is officially on our menu starting [date]. Here's what it does: [one clear sentence on the benefit — no medical claims]

Here's who it's for: [specific patient type] Here's what to expect: [realistic outcome, no guarantees] I'll be sharing a lot more about this over the next few weeks. For now — DM me [service name] if you want to be first on the list. #[service] #medspa #[yourcity] #newservice #aesthetics

When your engagement is down and you need it back

THE ENGAGEMENT RESET POST — ALWAYS WORKS

Pure engagement play. Simple question. Answers in comments. Algorithm loves it.

Quick question for you 📌 If you could change one thing about your skin or face — just one — what would it be? Drop it below. I read every comment and I promise I'll reply. (And yes, there's almost always something we can do about it 😊) #medspa #skingoals #aesthetics #[yourcity] #askme

6

Your 90-Day Content Runway

The complete decision-free posting plan for the next 3 months — just execute

HOW TO USE THIS MODULE

Every posting day is mapped. Every topic is assigned. Every format is decided. You open this, see what today is, open the caption bank, pick the matching template, customize 3 words, post. Under 10 minutes. Every single time.

Month 1 — Establish the rhythm

WEEK	MONDAY — EDUCATIONAL	WEDNESDAY — SOCIAL PROOF	FRIDAY — PROMOTIONAL / BTS
Week 1	Botox: "What it actually feels like" — first-timer reassurance	Before/after: forehead or glabella result	Open appointments this week + booking link
Week 2	Filler: "Natural vs. overdone — the difference" — myth bust	Patient review highlight — screenshot or quote graphic	BTS: A real day in the practice — no filter
Week 3	Your specialty service: how it works, who it's for, what to expect	Before/after: your strongest result this month	New opening announcement or limited special
Week 4	Skincare or compliance: "What I wish patients knew before..." — credibility post	Multiple reviews carousel — social proof volume	Month wrap-up: celebrate a win, tease next month's theme

Month 2 — Build the audience

WEEK	MONDAY — EDUCATIONAL	WEDNESDAY — SOCIAL PROOF	FRIDAY — PROMOTIONAL / BTS
Week 5	Botox: "The 14-day timeline — what to expect every day" — sequential educational	Before/after: lips or crow's feet	Your face + your story — who you are, why you do this
Week 6	GLP-1 or IV or body: introduce a service they may not know you offer	Patient transformation story — longer caption, more personal	Seasonal promotion tied to the month's theme
Week 7	Compliance education: "What to look for in an injector" — positions you as the standard	Before/after: your most dramatic but realistic result	Behind the consultation — what you assess and why
Week 8	FAQ post: answer your 5 most-asked DM questions in one post	Review spotlight: a review that mentions a specific concern you resolved	Open appointments + soft urgency CTA

Month 3 — Convert the audience

WEEK	MONDAY — EDUCATIONAL	WEDNESDAY — SOCIAL PROOF	FRIDAY — PROMOTIONAL / BTS
Week 9	Myth bust: "3 things people believe about [service] that aren't true"	Before/after series: show 3 results from the same treatment	New service or add-on announcement
Week 10	"Who is a good candidate for [treatment]" — self-selection post that pre-qualifies leads	Patient video testimonial or reaction reel	BTS: your favorite treatment to perform and why
Week 11	The investment post: "Here's what you're actually paying for when you come to [Practice]"	Side-by-side: your result vs. generic result — why provider choice matters	Upcoming availability + direct CTA to book
Week 12	Look ahead: tease next month's theme and what's coming — build anticipation	3-month transformation story — the patient who committed to the process	Month wrap + gratitude post — celebrate your community

THE CAPTION THAT SELLS THIS ENTIRE SYSTEM — POST THIS AS DANIELLE

The #1 thing I hear from med spa owners about social media:

"I know I should be posting more. I just don't know what to post."

And here's the thing — that's not a creativity problem. That's a strategy problem.

When you don't have a system, every post requires a decision. What service? What caption? What

format? What day? Those decisions add up to exhaustion, inconsistency, and eventually giving up.

I built the Med Spa Content Strategy System because I needed it myself. Every posting decision for an entire year — made in advance. The weekly format, the monthly themes, the topic rotation, the caption templates for every real situation you face.

You open it, see what today is, customize 3 words, post. Done in under 10 minutes.

90-day content runway included. Annual theme calendar included. Content audit included. Compliance rules included.

\$147. Instant download. Link in bio.

If you've been inconsistent and want to fix it — this is the system. ❤️

This is the launch caption for the product itself — Danielle posts this to her own audience and the NPA account
