WHAT'S INSIDE

Six Parts. *Nothing Held Back.*

Every section was written the same way Danielle runs her consultations — completely, honestly, without the industry's habit of keeping patients partially informed.

PART ONE · YOUR SKIN

01

How Skin *Actually* Works.

"Before you put anything on your face, buy anything for your skin, or say yes to any treatment — you need to understand the organ you're working with."

PART ONE · YOUR SKIN

02

Your Skin Type & the *Fitzpatrick Scale.*

ALL SIX FITZPATRICK TYPES

Your Fitzpatrick type — not how you look, but how you respond — determines which treatments are safe for your skin. A question most providers skip. A risk every patient carries.
